

CANTON POLICE ON ALERT AT FUNERAL

Rumor That Anarchist Was There Created Much Fear of Trouble.

NO EXCITEMENT, HOWEVER

Crowds Carefully Watched and Two Strangers Held on Suspicion.

CANTON, O., May 29.—Despite a rumor of doubtful origin that Michael Czolgosz, a brother of the assassin of President McKinley, would be in Canton today, the funeral of Mrs. McKinley and the contingent visit of President Roosevelt passed off without incident of sinister note. Taking precautions against the one chance in a thousand that the rumor of Czolgosz's presence here was true, the local police, assisted by secret service men from Washington and Cleveland, exercised the most alert vigilance during the President's stay in the city. No trace whatever was found of Czolgosz nor any anarchist, although three strangers to the city were held in the jail during the President's stay. There was nothing against them, however, and they were released this evening. That the police were taking no chances was made evident by the quick shift in arrangements made at the McKinley home. All friends and relatives of the McKinley family left by the front door to go to their carriages. Crowds had gathered in front of the place, including a number of men with cameras, who wished to catch snapshots of the President. The original plan had been changed, however, and while the crowd waited on North Market Street, the President, Mrs. McKinley and the contingent entered the residence by the side door to carriages waiting on Louis Street. The trip to the cemetery was made quickly and without incident, and fifteen minutes ahead of the appointed time the President returned to his car.

A large crowd gathered and asked for a speech, but the President merely lifted his hat and wished them "good luck."

TRIBUTE FROM THE PRESIDENT

Speaks of the Fine Home Life of President McKinley.

AKRON, O., May 29.—It was half an hour after the President boarded his car at Canton before it left for Akron Junction. A large crowd assembled in the vicinity in the meantime, and the President several times appeared on the platform and wished the people good luck. To cheer the President with cheers. Incidentally, on one occasion he took advantage of the opportunity to say a word about his visit and of the beautiful home-life of Mr. and Mrs. McKinley, speaking as follows:

SAD FUNERAL OF MRS. McKINLEY

Distinguished Gathering Pays Tribute at Services in Canton.

CANTON, O., May 29.—The body of Mrs. Ida Saxton McKinley now rests by the side of that of the late President McKinley in the receiving vault at West Lawn Cemetery.

The simple funeral services held at the McKinley residence, on Market Street, this afternoon were witnessed by a distinguished company, including President Roosevelt, Vice-President Fairbanks, Governor Harris, and many high officials both of the nation and State.

During the funeral and the progress of the cortege to the cemetery, not only all business in Canton not absolutely necessary, but all amusements, ceased.

So numerous were the floral remembrances, not only from Ohio, but from all over the nation, that the great part of them had to be sent to the cemetery ahead of the funeral procession.

The funeral services were brief, and were confined to the Methodist Episcopal church, and four songs, identical with those sung at the funeral of the late President. The songs were "Beneath the Shade of a Tree," "Lord, Kindly Light," "Nearer, My God, to Thee," and "The Angel."

The services were conducted by the

NOTTOWAY COUNTY TO HOLD THE PRIMARY.

[Special to The Times-Dispatch.]

CHESWEE, VA., May 29.—The Democratic County Committee of Nottoway county met on April 29th, and by a vote of 16 to 12 decided to order a primary election on the same day of the legislative primary, which will be on July 30th, for the purpose of nominating candidates for the county offices.

The members of the county committee who opposed a primary circulated a petition, asking Chairman W. A. Land to issue a call for the purpose of rescinding the action taken on the 29th of April for a primary, the petition having been signed by sixteen out of thirty members of the committee.

Chairman Land called the committee together to-day, but as there was not a sufficient number present to constitute a quorum, nothing could be done towards rescinding the primary, and the action of the committee ordering a primary election for the 30th of July will stand.

DEMANDS APOLOGY FROM ROOSEVELT

Issue Not One of Animals Now, But One Between Men.

SAYS PRESIDENT'S NO JUDGE

Calls Upon Him to Come Out Like a Man and Admit His Error.

STAMFORD, CONN., May 29.—Dr. William J. Long made public to-day a letter sent by him to President Roosevelt. The letter says in part:

"To His Excellency, Theodore Roosevelt, President of the United States:

"Dear Sir:—The issue between you and me is no longer one of animals, but of men. It is not chiefly a matter of national history, but of truth and personal honor. In a recent magazine article you deliberately attack me, as well as my book. In my book I have given the result of long years of watching animals in the wilderness, with no other object than to study their habits, and so far as man can, to understand the mystery of their dumb life.

"I repeat the statement, that every incident I have recorded, from my own observation is true as far as an honest, educated man can understand the truth. In your recent attack this is what you chiefly say. As President of the United States you have gone out of your way publicly to injure a private citizen who was attending strictly to his own business; as a man you have accused of falsehood a man who deals of truth and honor as quite as high as your own. This is the whole issue between us. I meet it squarely and so must you. If you have accused me falsely you must publicly withdraw your accusation and apologize. You have your recent charges chiefly on the matter of a big white wolf killing a caribou by a bite in the chest, described by me in 'Northern Trails.'

"You declare the thing to be a mathematical impossibility and declare no possibility could a wolf perform the feat."

Horse Killed By Wolf.

Dr. Long declares he knows from his own observation and from the testimony of Indians that wolves do sometimes kill in this way, and quotes the signed and witnessed statement of S. J. Hapidan, an educated Sioux Indian, who states he saw a horse which had been killed by a wolf, lying in its chest. In addition to this, Dr. Long says he himself had seen a deer which had been killed in this manner by a wolf. Continuing, Dr. Long says:

"These are the facts underlying the incident which you declare to be impossible on a day in the life of a man. It is not enough I will fill it up to full scriptural measure.

"You cannot at this stage, Mr. Roosevelt, take refuge behind the presidential office and maintain silence. You have forfeited your right to that silence by breaking it by your recent public attack on a private citizen. If your talk of a square deal is not all a sham, if your frequent moral preaching is not hypocrisy, I call upon you as President and as a man to come out and admit the error and injustice of your charge and to make a full and public way in which you made it."
